

Hello Tractor Impact Fellowship

Hello Tractor has a bold vision to radically transform the way in which the smallholder agricultural ecosystem interacts with and derives value from technology. At Hello Tractor, we are unlocking value across the mechanization value chain - from tractor fleet owners to contractors and SMEs to smallholder farmers. We crowd in technology to catalyse that transformative value, lower transaction costs, and increase market transparency, while creating sustainable impact across the agricultural lifecycle.

The Hello Tractor Impact Fellowship offers a unique opportunity for talented and passionate individuals with a keen interest in solving challenging problems to join in this vision. Fellows will work with and contribute to a startup team working to address some of the most critical and exciting issues in agriculture in the developing world.

Fellows will be physically located in Nairobi, Kenya. Due to travel restrictions around COVID-19, remote work will also be considered.
